

Frequently asked questions about items owned by Esri in ArcGIS Online

The following provides a summary to frequently asked questions regarding layers, maps, and applications owned and maintained by Esri.

IF YOU HAVE AN ARCGIS SUBSCRIPTION YOU MAY

- ✔ Use items owned by Esri in ArcGIS Online in conjunction with Esri software or an ArcGIS or Developer subscription for projects and applications that are both internal and external use.
- ✔ Include screen captures or a printed or plotted map of maps and applications owned by Esri. Details on permitted uses are available [here](#).
- ✔ Use the basemap data offline in the following manner.
 - The data may only be taken offline using Esri Content Packages
 - The package can be used with any device as long as it is used exclusively with Esri software.

UNDER THE FOLLOWING CONDITIONS

- † [Provide attribution](#) to Esri and its data providers.
- † Use with Esri software and comply with its [terms of use](#). If you do not have Esri software, you must purchase an ArcGIS or Developer subscription.

YOU MAY NOT

- ✘ Systematically harvest basemap tiles through any method other than using Esri Content Packages
- ✘ Redistribute basemap tiles
- ✘ Download, redistribute or self-host any content hosted by Esri.
- ✘ Use Living Atlas content for commercial use in your application or product. Please contact Esri to discuss licensing Esri owned Living Atlas items for commercial use.

IF YOU HAVE A DEVELOPER SUBSCRIPTION

- ✔ Refer to the [ArcGIS Developer FAQ](#)
